ET VOILÀ SUPPLIES
ON BOARD

About

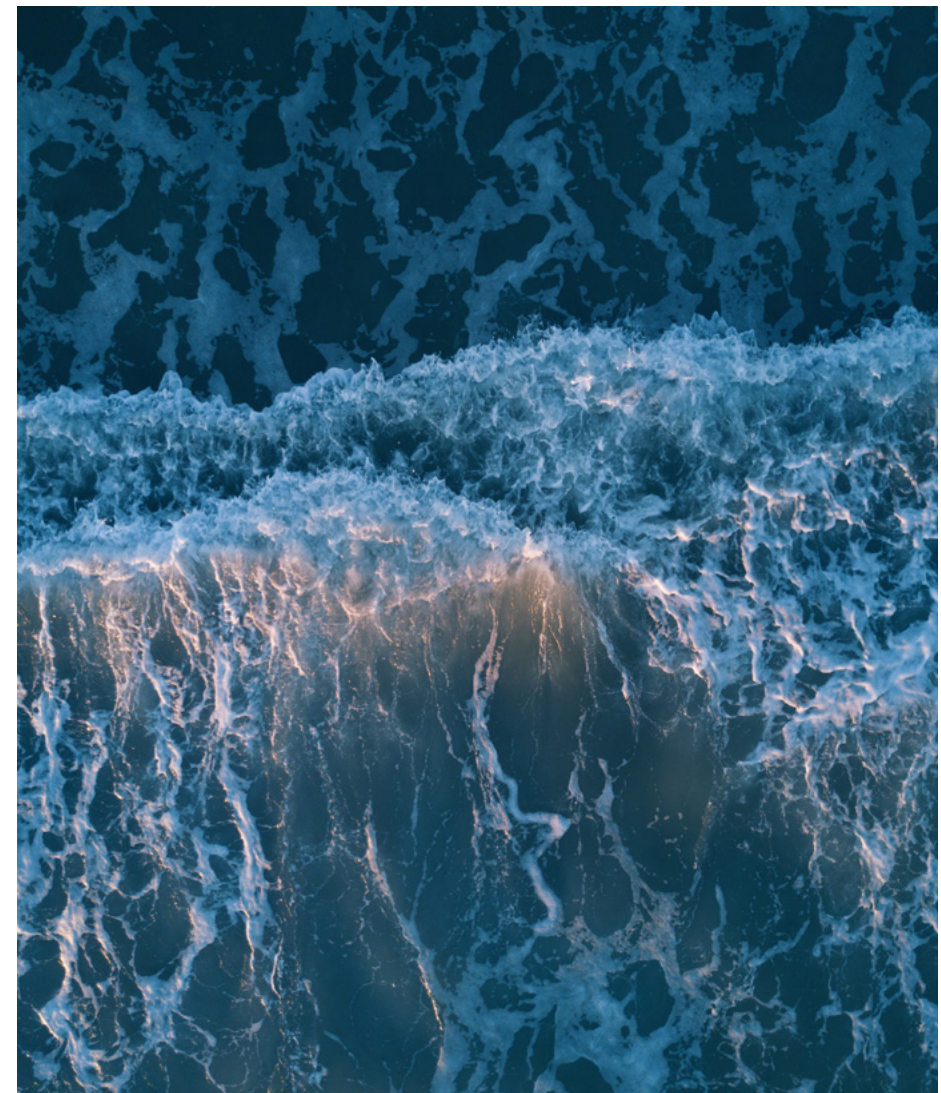

Our name speaks of how we do business, of our philosophy: flexibility, speed, and dedication to the client's requests, as well as precision and timeliness.

We are Sabrina and Fabio. Our firm, Et Voilà, is based in Camerano, a town within the scenic Mount Conero natural reserve. We have been providing services and accessories for superyachts for over 15 years. It all began as a game of sorts, with a small request. At that time, we told ourselves: yes, we can do this, let's give it a try. A challenge and a commitment that soon became our business philosophy.

Every day, we set the bar a little higher; we *challenge ourselves* to better reach the target, we seek the best possible strategy to achieve the customer's satisfaction. We constantly *evolve*, we constantly *adapt*.

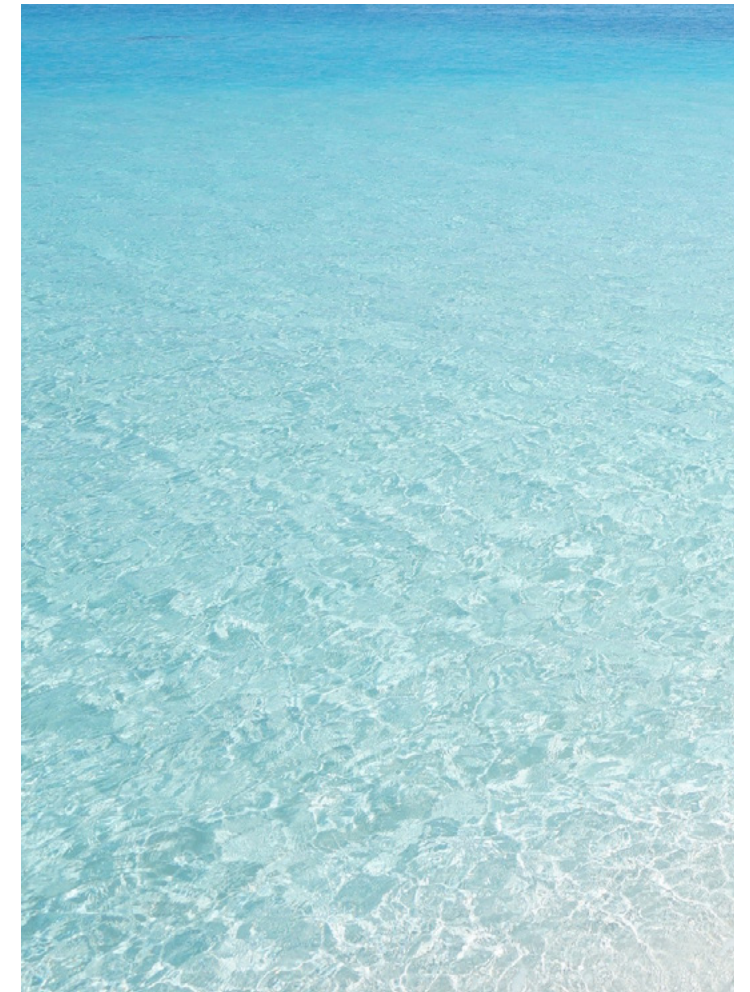

ET VOILÀ *Crew*

At last, a brand offering everything you require, a custom-made collection designed to your liking. Our product range is available year-round, features high-quality materials and is strictly made in Italy! Your very own dress code, tailor-made for yachting.

Why did we start making our own *uniforms*?
Because of our *experience*.

Throughout the years, we have had the pleasure of working with the best brands. There were some difficulties, however: either there were not enough items available to complete our range, or items went out of stock in just a few months, making uniform turnover hard to manage; and we rarely came across a brand that offered the same product range for men and women. After years of dealing with these setbacks, we decided to create our in-house collection to solve the problem once and for all.
